**Wedding a Brilliant**  
The wedding party left the church after the ceremony to the joyous strains of the Mendelssohn wedding march, and went to the home of the bride, where an informal reception was held, giving an opportunity to the relatives and close friends of the happy young couple to extend congratulations and good wishes. Delicious cake and punch were served during the afternoon.

Owing to the recent illness of Mr. Cave, the young people have postponed their wedding trip until he is stronger, when they will enjoy a tour of some length. On their return they will make their home in Hastings, where Mr. Cave is with the Hastings National bank. Much cordial interest centers in this marriage of yesterday, owing to the prominence of the two families and the popularity of the young people with a wide circle of friends. Many Palatka motorists to Hastings for the wedding yesterday, among them being the bride's uncle and aunt, Mr. and Mrs. T. E. Mobley; Mr. Cave's mother, Mrs. T. L. Cave, and his brother-in-law and sister, Mr. and Mrs. James K. Culbreth.

Enjoyed Picnic at Silver Lake Yesterday.  
A picnic under almost any circumstances is a delight in these days when all out-of-doors invites one to linger, but especially is it enjoyed in congenial company, on the shores of one of Florida's crystal lakes. The members of St. Mark's Sunday school and of the congregation of St. Mark's church enjoyed such an outing yesterday when they gathered at Silver Lake, some for all day and some for only a part of it. Swimming, of course, was one of the most generally enjoyed amusements, but chatting and reading under the cool shade of the trees added to the pleasure of the outing for many. Big baskets of lunch provided quantities of good things for the hungry, and it is safe to say that everyone is hungry after a few hours spent in the open. All in all, it was a delightful day, with not a single untoward accident to mar its pleasure.

These in charge of the affair wish to thank those who so kindly helped make it a success by aiding in transportation and other ways.
